SAFER SURFACING

FLAME

BLUE

RED

SAND

GREEN

PLUM

BROWN

BLACK

We've taken the highly successful Playtop with Nike Grind range and made it even better. The eight colours have been re-blended to create even brighter and more vibrant safer surfacing for playgrounds and walkways.

Playtop is constantly striving for the best, creating innovative solutions for better play.

The 2016 Playtop with Nike Grind Blends are the only products of their kind that use recycled sports shoes in the form of Nike Grind, creating a unique range of impact-absorbing, wet-pour surfacing designed for long-lasting playgrounds.

For more information on the 2016 blends of Playtop with Nike Grind, call **+44(0)1636 642461**, email **info@playtop.com** or visit the website, **www.playtop.com**
